sage

BRING CONTROL TO YOUR PRACTICE

ENGAGE YOUR CLIENTS

The tools and solutions you need to become a more valuable advisor to your clients are available at your fingertips—giving you access to real-time financial data, powerful dashboards, and customer insights.

OPTIMIZE YOUR PRACTICE

Sage gives you access to solutions that help you run your practice more efficiently online—including Sage accounting software and your Gmail accounts.

GROW YOUR BUSINESS

Sage helps you find clients based on your skills and their needs. In addition you'll get access to an extensive library of marketing tools and resources to help you capture new business, all just a click away.

DEVELOP YOUR KNOWLEDGE

Get certified, learn new skills, or expand your horizons with online educational courses geared toward accounting professionals. Keep up with the latest trends and changes related to your practice through social media and share your expertise and exchange ideas in online community forums.

DO IT ALL IN ONE PLACE

Manage everything in a single, fully customizable location. Sage is built on an open platform so it integrates with many of the online solutions you already use in your practice.

Note: Sage Impact access is complimentary to public professional accountants and bookkeepers with multiple fee-paying clients. Third-party and additional Sage apps or services may be subject to fees and separate terms and conditions.
